Subject: Unjust inconsistency of applicable Coronavirus Act 2020.

2020-07-05

United Kingdom's British West Mercia Police.

<https://www.westmercia.police.uk>

Case Report: CO/00684/20
Investigating Officer: Inspector Paul Harvey
paul.harvey@westmercia.pnn.police.uk

Good day.

In reference to my previous email letter sent to West Mercia Police on June 8 2020, and to which West Mercia Police replied by Royal Mail letter on June 16 2020, I contact again West Mercia Police today, July 5 2020, with purpose to understand further how any West Mercia Police investigations might be progressing.

The most recent communication from West Mercia Police which has reached me, is dated June 16 2020, with the following letter content: http://www.kyrkor.be/200616_United-Kingdoms_British_West-Mercia-Police_reply.pdf

From June 24 2020, the physically assaulting British landlords evicted me from my address of 45 Coppice Way in Droitwich (WR9 9JB), and therefore, I have since been unable to receive any postal letter communications from anyone through that address. From June 23 2020 I have been homeless in relation to United Kingdom by eviction from the physically assaulting British landlords.

All further communications with me, consequently must be through my email address only, which is: torsten@nenzen.net.

Questions:

- (1)** Please legally justify your British Police's interference of the beneath described essential volunteer work on June 7 2020.
- (2)** In detail, please describe how this essential activity, as earlier described to the British Police on May 21 2020, and implemented on June 7 2020, would not satisfy the current Covid-19 guidelines and legislation.
- (3)** In regards to relative risk of transmission of infectious diseases, compared to other concurrent public activities or demonstrations in United Kingdom on June 7 2020, please justify

the British Police's very targeted feelings/thoughts/opinions pertaining to Christian evangelism.

Coronavirus Legislation: <http://www.legislation.gov.uk/coronavirus>

NHS Covid-19: <https://www.nhs.uk/conditions/coronavirus-covid-19>

GOV.UK Covid-19: <https://www.gov.uk/coronavirus>

Activity description:

One person, individually hand-delivering a religious literature, by means of an outstretched arm towards one other individual person who voluntarily receives the outstretched religious literature by reciprocation of an outstretched arm. The distance between deliverer and recipient is two outstretched arms apart (approx. 2m). The 'gathering' will entail a maximum of two persons: a deliverer and a receiver. The deliverer will remain stationed in one position, and incentive to approach and receive will be by a receiver. The deliverer will wear a face mask at all times. The deliverer will wear disposable gloves at all times. The deliverer will regularly hand-sanitize. Any hand-delivered literature which has not been binned correctly, but may have been discarded on the street, will not be recycled into any re-distribution. Only at final conclusion of this activity, any noticeably ill-discarded literature on pavement will be picked up and binned correctly.

In spite of a very clear communication to the British Police that an on-location confrontation by British Police would be unnecessary, considering that British Police had ample time and opportunity to counter-instruct by prohibition prior to initiation of the described activity, and also that I prefer to not receive a contrary police order in conjunction with the described essential volunteer work onsite, your confrontational British Police on June 7 2020 evidently ignored this previously very clear communication.

On June 7, 2020 at 1pm (13:00), adjacent to The Guildhall Worcester on High Street in Worcester, UK, an overt operational vehicle of West Mercia Police drove along this pedestrian street, and stopped immediately next to the fixed position where the person Torsten Nenzén was standing, alone. Torsten had arrived on High Street in Worcester at 11:50am. Between 11:50am and 1pm, Torsten had stood in the same exact spot. Prior to West Mercia Police car having stopped immediately next to Torsten at 1pm, Torsten had never initiated any approach towards any person. Standing in this exact location at all times, Torsten had politely greeted passing pedestrian with an outstretched arm, holding an A6-format flyer with printed information about the Biblical person Jesus Christ. Torsten did not approach anyone, but Torsten allowed passing pedestrians to take initiative to approach Torsten in order to receive the outstretched flyer. At all times, Torsten wore a face mask and disposable gloves. Torsten maintained a social distance to every person by two meters.

Torsten had sanitized his hands with alcohol gel. Torsten had no Covid-19 symptoms.

Audio recording of your British Police's interference of the essential volunteer work on June 7 2020: http://www.kyrkor.be/2020-06-07_West-Mercia-Police_UK_evangelism-interruption.mp3

When West Mercia Police car stopped immediately next to Torsten on the pedestrian street, and the British Police began to speak to Torsten, Torsten said to the Police: "Wait. I am going to initiate an audio recording.", where after Torsten took out his mobile phone and initiated the audio recording.

PARTIAL TRANSCRIPT:

TORSTEN NENZEN: Yes officer. You stopped me while I'm handing out information about Jesus Christ.

OFFICER 3054: I never stopped you.

OFFICER 3054: I am just asking you, I'm advising you, encouraging you, perhaps to **stop handing out leaflets**, and find alternative way to give out leaflets. Cause **my opinion is**, you know, you can do this when it's calmed down. People are still trying keep themselves safe, and **I think** you handing out leaflets is not in the best bid of supporting the NHS.

OFFICER 3054: **In my opinion** you being in town is not essential. **My advice** to you is **stop giving out leaflets**. Consider your actions. And perhaps find an alternative means of spreading the word of Jesus.

OFFICER 3054: **If I feel** that you pose a risk you might have to be reported for an offence.

OFFICER 3054: **My advice** to you is: **Stop what you are doing and go home.**

Further, regarding the physically assaulting British landlords who eventually evicted me from my address of 45 Coppice Way in Droitwich (WR9 9JB) on June 24 2020, and who had physically assaulted me inside my home of 45 Coppice Way earlier on May 7 2020, neither West Mercia Police nor the UK secretaries of state for Justice/Policing/Health/Housing have bothered to reply or to explain United Kingdom's ethical or legal justification for British landlords' rights to physically assault tenants inside tenants' homes, and to endanger the lives of tenants in United Kingdom through intimate (20cm-distance) confrontational and forced facial-speech contact against unwilling tenants during Covid-19 lockdown laws in effect of May 7 2020. Additionally, neither the West Mercia Police nor the UK secretaries of state for Justice/Policing/Health/Housing have bothered to reply or explain United Kingdom's ethical or legal justification for British landlords'

confiscation and damaging of tenants' mobile phones. Online copies of the letters to West Mercia Police and United Kingdom's national government secretaries, are found here: http://www.kyrkor.be/2020-06-12_Letter-to-UK-Secretaries-of_Justice_Health_Housing_Policing.pdf

In regards to **British Law under Covid-19 on incident date May 7 2020**, I would like to understand **why** British Law Enforcement Officers of United Kingdom declare that British Landlords have these following legal rights:

1. to harass tenants,
2. to forcibly enter tenants' homes during the Covid-19 lockdown restrictions,
3. to **violently assault** persons who self-isolate in accordance with Covid-19 instructions in tenants' homes,
4. to threaten tenants' cohabitants with eviction,
5. to confiscate and damage tenants' mobile phones,
6. to possibly access tenants' mobile phone data during Landlords' confiscation of tenants' mobile phones, and
7. to **forcibly endanger transmission of Sars-CoV-2 onto tenants self-isolating inside homes, and thus risk infecting tenants with Covid-19 disease?**

http://www.kyrkor.be/2020-06-12_Letter-to-UK-Secretaries-of_Justice_Health_Housing_Policing.pdf

West Mercia Police, kindly answer the yet unanswered questions 1-3 above, and please answer the yet unanswered questions 1-7 above.

Thank you.

Best regards,

Torsten Nenzén

Subject: Fwd: RE: FW: Current interpretation & application of Coronavirus Act 2020, for specific activity.

**Worcester City Council's Environmental & Public Health Department.
West Mercia Police's South Worcestershire – Cathedral District.**

Good afternoon, again.

West Mercia Police: – Thanks for replying with a reference to <https://www.gov.uk/coronavirus> which I have read previously.

Unless West Mercia Police were to instruct differently **today**, prior to tomorrow Saturday May 23 2020, I retain an understanding that the essential volunteer work as described beneath satisfies the current guidelines and the Coronavirus Legislation: <http://www.legislation.gov.uk/coronavirus>.

If the described activity would be deemed by West Mercia Police as prohibited, then please respond **today** including the legal text with West Mercia Polices' argument for its interpretation.

Sought outdoor public volunteer work on High Street in Worcester:

Activity description:

One person, individually hand-delivering a religious literature, by means of an outstretched arm towards one other individual person who voluntarily receives the outstretched religious literature by reciprocation of an outstretched arm. The distance between deliverer and recipient is two outstretched arms apart (approx. 2m). The 'gathering' will entail a maximum of two persons: a deliverer and a receiver. The deliverer will remain stationed in one position, and incentive to approach and receive will be by a receiver. The deliverer will wear a face mask at all times. The deliverer will wear disposable gloves at all times. The deliverer will regularly hand-sanitize. Any hand-delivered literature which has not been binned correctly, but may have been discarded on the street, will not be recycled into any re-distribution. Only at final conclusion of this activity, any noticeably ill-discarded literature on pavement will be picked up and binned correctly.

Today is the time for West Mercia Police to instruct if the above described activity would be considered prohibited, as I prefer to not receive a contrary police order during the described volunteer work onsite. Such an onsite police confrontation would be unnecessary, as West Mercia Police has the option today to counter-instruct prior to initiation of the described activity for tomorrow May 23 2020.

Please advise **today**, if the described activity above is currently lawful, or currently prohibited. If latter, then please motivate.

Thank you.

Best regards,

Torsten Nenzén

Subject: Fwd: FW: RE: FW: Current interpretation & application of Coronavirus Act 2020, for specific activity.

West Mercia Police's South Worcestershire – Cathedral District.

Good afternoon.

West Mercia Police, again: – Thank you for provision of your instruction; an order to wait a few days for a reply.

WMP: "Please allow them a few days to reply."

Hence, the planned activity for this Saturday May 23 2020 on High Street in Worcester is postponed a few days, while awaiting a response from the Safer Neighbourhood Police Team.

Unless the Safer Neighbourhood Police Team were to respond with a contrary instruction of prohibition of the described activity, the earliest date for commencement of this activity is now rescheduled, to Wednesday May 27 2020.
