

Satanic "Howick Baptist Church" in New Zealand, together with their satanic church-members, use Facebook as an instrument of church-slander, church-lies and church-gossip to attack a Christian who is absolutely innocent in relation to every excommunication by churches. These typically lying pastors of churches have no interest in truth, but are keen to assault the innocent behind their backs with lies. As with most pastors of the "Christian" churches worldwide who pursue evil, satan governs their minds.

The satanic pastors of churches and their satanic church-members use Facebook to lie about a Christian who is absolutely innocent to their accusations, and absolutely innocent in regards to all excommunications by other churches all over the world.

Torsten Nenzén discovered the following lies by typical pastors and members of churches, five months after they were posted by a church:

This is actually quite serious. At least two Auckland churches have requested "**No Trespass Citations**" for him and **the Auckland police have been visiting churches looking for him this afternoon.** He often targets single ladies for conversation.

Please be aware - I've recently learned, this guy is in NZ and likely **looking to create trouble for churches:**

If you Google his name you will see he has traveled the world visiting churches and then slandering them online. Please pray for him and **avoid conversations which may be trappings.**

Interesting. When my husband Trevor Keam was in the city doing evangelism on 5 February he met this man. **Torsten Nenzen has some strange theology apart from everything else** (i've just checked out the web links - i think that Lyndon Drake did a good job in protecting the Tab congregation and City Impact was most gracious in their interaction with this man. **He needs a psychiatrist (and to be saved)**

So no practising our tactics on this guy then. **Will keep an eye out and pray he is found quickly.**
